

Bad Girls of the Bible
Week 1: Genesis Jigsaw Assignment

The term **Jigsaw** refers to the fact that students are responsible for different readings or activities...

And then come together to share what they have learned:

Jigsaw activities allow students to study a topic from multiple angles in a group setting. For this jigsaw activity, all students read Genesis 1:1-4:2 as well one other reading. From there, students divide into groups of five, with each member of the group responsible for a different third reading. This way students only have three readings for the week but can become familiar with content from seven sources.

For this assignment, the groups and readings were created using a table.

Group Assignments

By **Tuesday**, each group member posts a 500-word summary of her reading to the group discussion site. Then on **Wednesday**, each group member replies with a 500-word conclusion integrating at least two other summaries with her own reading.
